Microsoft's monopolistic behaviour should be stopped as soon as possible. I strongly support California, Connecticut, Florida, Iowa, Kansas, Massachusetts, Minnesota, Utah and West Virginia and the District of Columbia for their continued battle to end this monopoly. Further, Microsoft's attempt to reach a settlement via donations to schools only serves to strengthen the monopoly by later needs of upgrades by schools. How long is this going to last?

I hope that the DOJ comes to a solution that benefits our country
